WORK EXPERIENCE

UX/UI Designer/ Researcher

Horizon | Toronto, ON |

03/2021 - 02/2023

- Utilized Sketch, Adobe XD, Figma, and other design tools to create wireframes, prototypes, and high-fidelity user-centered designs for web and mobile applications.
- Conducted qualitative and quantitative user research studies, including usability testing, surveys, card sorting, and in-depth interviews.
- Collaborated with cross-functional teams, including product managers, developers, and other designers, using tools like Figma, InVision, and Zeplin to share designs and gather feedback.
- Conducted competitive analysis and evaluated industry trends to stay up-to-date with the latest design patterns and best practices.
- Designed for accessibility, ensuring that products meet WCAG 2.1 guidelines and are usable by people with disabilities.

UX Researcher

Infowiz | Chandigarh, PB |

03/2016 - 04/2018

- Analyzed user data using tools like Excel, SPSS, and R, and synthesized findings into actionable insights that informed product design decisions.
- Conducted qualitative and quantitative user research studies, including usability testing, surveys, card sorting, and in-depth interviews.
- Worked closely with designers and product managers to ensure research insights were integrated into product design decisions and provide solutions and recommendations.
- Developed research protocols, including interview guides, discussion guides, and test plans, to ensure research studies were conducted consistently and accurately.

Account Executive

YOU.ME.WE. Business Consultants, Inc. | Hamilton, ON |

09/2019 - 01/2021

- Ability to effectively communicate and collaborate with stakeholders, project teams, and management to ensure project success.
- Skilled in project budgeting, forecasting, and financial analysis.

TECHNICAL PROJECTS

[Horizon website](#)
